

## [EMAIL COMPLIANCE THROUGH HOSTED EXCHANGE SERVER](#)

*UPGRADE YOUR MAIL SYSTEM TO:*

CLOUD BACKUP AND CLOUD APP DEPENDABILITY  
USE YOUR OUTLOOK <OR> THE WEB BROWSER TO ACCESS  
OUTLOOK WEB APP INCLUDED AS PART OF SERVICE  
SMARTPHONE INTEGRATION INCLUDED. EXTRA FOR BLACKBERRY

- **Is Email Retention and Compliance important for you as a financial, medical or legal professional?** *Check the compliance law links below.*
- **Are your email files large enough** to where you would consider a fast, cloud based Email solution? This means we run Outlook over the WEB (more...)
- **Would you like a scalable solution** that lets you add users on the fly, and provides “real-time replication” ie BACKUP of your important email files?
- **Would a Web Based Outlook Approach be cost saving and convenient over having multiple Outlooks installed on various PCs?**
- **Host Exchange is built around an Outlook based web application** although you can run the Outlook program along side the WEB version of Outlook. You can have your associates access your Calendar and Contacts from their copies of Outlook as they are Synchronized in MS Exchange.

The following **links** provide the information you need to understand a Hosted Exchange email solution – plus useful compliance links.

The BASICS:

[http://www.123together.com/seho/Exchange\\_Hosting.xhtml](http://www.123together.com/seho/Exchange_Hosting.xhtml)

The COMPLIANCE Rules:

It's CHEAP:

Price Calculator for MS 2010 Hosted Exchange Server Email with WEB Access

<http://www.123together.com/Hosted-Exchange-Price-Calculator.xhtml>

Would you pay \$11.50 a month per user for all this?  
Plus \$4.00 for *compliance grade* archiving?  
There are cheaper and more basic plans under \$10.00.

*See Page two for details about this business email solution:*
